

MINNEAPOLIS METRO GYRO

MEMBERSHIP CHALLENGE

THREE BOLD STEPS UP TO HIGHER MEMBERSHIP

STEP ONE: LISTENING

”When you talk, you are only repeating what you already know;

But when you listen, you may learn something new.”

- Dalai Lama

STEP TWO:

TEAMWORK MAKES THE DREAM WORK

GIVE YOUR MEMBERS THE TOOLS

*Come join us for a
brief encounter...*

In 2018 Minneapolis Metro Gyro Club will be celebrating 50 years of building friendships and having fun.

The club meets at the Embassy Suites in West Bloomington for dinner on the first Wednesday of each month, and it meets for lunch at the Edina Country Club on the third Wednesday. Both meetings feature a tasty meal followed by a speaker on a topic of interest.

Membership requires attending three semi-monthly meetings and attending one social meeting, be sponsored by two members that know the candidate and be elected by two-thirds of the members present at a regular meeting.

Membership dues for 2018 are \$122.00 per calendar quarter and cover the cost of all meals, as well as all international and district fees. Social events are always optional, and the cost for each one varies as to the type of event. Any social costs are itemized and added to the quarterly member dues for those attending.

Metro Gyro Club of Minneapolis

"A Fraternity of Friendship and Fun"

George Burr - Member since 2016

Having retired just a few years ago, I quickly found out that it's too easy to just "sit around" and become stale. Getting involved with outside groups is therefore key to combatting this. So, I joined a few civic groups which help me maintain my interests in music, history and business organization. But I was also fortunate to join Gyro for social and friendship-building purposes. The twice-a-month meetings help me grow these new friendships while learning from our speaker presentations. And the "co-ed" Gyro social events provide my spouse and me with fun outings every month of the year, too

Dale Bosch - Member since 2015

We have a wide variety of topics presented at our two monthly meetings by speakers invited by our fellow Gyro members. This results in a wide variety of topics that enlighten, inform and entertain. I always look forward to the next meeting, the next speaker and the next opportunity to broaden my personal horizons!

Jerry Rezac - Member since 2015

We have so many social events through out the year. Many include our wives or significant others. Here are just a few fun things we have done together... Social event participation is always optional.

Derrick Alcock - Member since 1981

I joined in mid-career and so Gyro gave me the opportunity to develop diverse friendships with members from a wide range of backgrounds. No one in Gyro is there to promote a cause, so conversations can be wide ranging. Attending the range of social events (Club, District and International) is a part of Gyro that my wife, Ellie, and I have thoroughly enjoyed over the years.
